

To Chattooga County Commissioner Blake Elsberry,

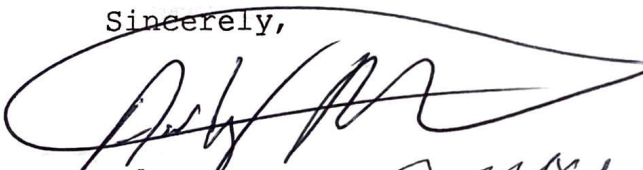

In light of your opening meeting concerning land development ordinances for Chattooga County, We feel that more clarity needs to be given as there was little to no input from the citizens of Chattooga County.

We as concerned citizens of Chattooga County have scheduled a meeting. The first one to be held September 13, 2022, at 7:00 pm at the Civic Center. This being the first of several other meetings to be held.

We cordially invite you, Commissioner Elsberry, and the board members to attend to discuss the ordinances and the impact they will have on landowners, the agricultural community, developers, realtors, commercial properties, small businesses and the citizens of Chattooga County. We look forward to working with you on this matter.

Sincerely,

William D. Mitchell
Kristie Hunter
John C. Hunt
Eddie Massey
